

Sunday, March 5

19:00 Evening Get Together

Monday, March 6

Morning Sessions: Pediatrics 1 and 2

09:00	Session A: Pulmonary Hypertension - new treatment options	I. Michel-Behnke (Vienna) H. Sallmon (Graz)
15+5	Medications on the horizon - what is likely good for children?	H. Sallmon (Berlin/Graz)
15+5	"On pump" treatment in children with PAH	S. Albinni (Vienna)
15+5	Lung transplantation in PAH-CHD	K. Hoetzenecker (Vienna)
15+5	Transcatheter treatment approaches	I. Michel-Behnke (Vienna)
10:30	Break	
11:00	Session B: Minimally invasive procedures in CHD	A. Eicken (Munich) D. Zimpfer (Graz)
15+5	The axillary approach - which defects can be treated?	E. Urganci (Vienna)
15+5	Transcatheter heart valve interventions in congenital valve disease - what is possible what is on the horizon?	A. Eicken (Munich)
15+5	Totally endoscopic treatment of ACHD	D. Wiedemann (Vienna)
15+5	Start small, think big - How hybrid interventions add to the treatment of CHD	I. Michel-Behnke (Vienna)
12:30	Lunch break	

Monday, March 6

Afternoon Sessions

13:30	<i>Early Afternoon Workshop 1: How to evaluate the Mitral Valve for Interventions</i>	R. Rosenhek (Vienna)
-------	---	----------------------

Late Afternoon Sessions

15:00	Conference Opening	G. Laufer (Vienna) and the Organizing Committee
15:15	In Memoriam Univ. Prof. Dr. Manfred Deutsch – founder of the meeting	Organizing Committee

Mitral Valve Interventions

15:30	Session A: Guidelines and Standards	E. Girdauskas (Augsburg) M. Andreas (Vienna)
15+5	Key Information from Echocardiography for Mitral interventions	R. Rosenhek (Vienna)
30+10	KEYNOTE LECTURE: Clipping the Mitral Valve - Standards and Beyond	N. Moat (Santa Clara)
20+5	From the Guideline-Committee: What I would do different in 2023	L. Conradi (Hamburg)
17:00	Break	
17:30	Session B: Novel Approaches	N. Moat H. Reichenspurner (Hamburg)
15+5	The Tendyne Valve	G. Lutter (Kiel)
15+5	The Epygon Valve	M. Andreas (Vienna)
15+5	Valve in Valve, Valve in Ring, Valve in MAC	H. Reichenspurner (Hamburg)
15+5	Improved Surgical Strategies for functional MR - Better than the Clip?	E. Girdauskas (Augsburg)
19:00	End of session	

Tuesday, March 7

Morning Sessions: Pediatrics 3 and 4

9:00	Session A: Borderline LV - decision making and treatment options	D. Wiedemann (Vienna) S. Albinni (Vienna)
15+5	Univentricular- or biventricular repair - Do scores help?	R. Cesnjevar (Zürich)
15+5	Targeting the aortic valve in borderline LV	J. Cleuziou (Munich)
15+5	Targeting the mitral valve in borderline LV	D. Zimpfer (Graz)
15+5	MRI based assessment of viability, myocardial structure and function in hypoplastic LV	I. Voges (Kiel)
10:30	Break	
11:00	Session B: Fetal interventions	A. Kolesnik (Warsaw) E. Seidl-Mlczoch (Vienna)
12+5	Fetal imaging - the obstetric's perspective	J. Binder (Vienna)
12+5	Fetal imaging - the cardiologist's perspective	E. Seidl-Mlczoch (Vienna)
15+5	Fetal aortic valvuloplasty? - Is it worth it for prevention of HLHS?	A. Kolesnik (Warsaw)
15+5	Neonatal surgery after fetal valve interventions	R Mair (Linz)
15+5	Fetal interventions beyond the heart in associated lesions?	P. Klaritsch (Graz)
12:35	Lunch break	

Tuesday, March 7

Afternoon Sessions

13:30	<i>How to fabricate an artificial tricuspid valve from a bioscaffold (ECM)"</i>	J. Pirk (Prague) M. Kopala (Lodz)
-------	---	--------------------------------------

Break

Late Afternoon Sessions

Coronary Artery Disease

15:30	Session A: Platelet Inhibition and Trials	A. Bauer (Innsbruck) T. Doerst (Jena)
--------------	--	--

15+5	Platelet Inhibition after Coronary Stenting in 2023	V. Schächinger (Fulda)
------	---	------------------------

15+5	Platelet Inhibition after CABG in 2023	S. Sandner (Vienna)
------	--	---------------------

15+5	The FAME 3 Study - deeper Insights	F. Casselman (Aalst)
------	------------------------------------	----------------------

15+5	The Roma Study - What to expect	N. Bonaros (Innsbruck)
------	---------------------------------	------------------------

17:00 Break

17:30	Session B: CABG versus PCI	F. Casselman (Aalst) V. Schächinger (Fulda)
--------------	-----------------------------------	--

15+5	Survival after PCI or CABG for Left Main Coronary Disease: A Report from the SCAAR Registry	E Omerovic (Gothenburg)
------	---	-------------------------

PRO-CON Debate

15	PRO-CON: LM should be treated preferentially by Stenting	A. Bauer (Innsbruck)
----	--	----------------------

15	PRO-CON: LM should be treated preferentially by CABG	T. Doerst (Jena)
----	--	------------------

10 Debate

15+5	The ROMA Women Trial	S. Sandner (Vienna)
------	----------------------	---------------------

19:00 End of session

Wednesday, March 8

Morning Sessions: Pediatrics 5 and 6

9:00	Session A: How I do it	R. Mair (Linz) I. Voges (Kiel)
15+5	How I do it: Interventional closure of coronary fistula	E. Kitzmüller (Vienna)
15+5	How I do it: Tips and Tricks for complex AVSD	A. Ruffer (Aachen)
15+5	How I do it: Neonatal aortic valve repair	B. Asfour (Bonn)
15+5	Cormatrix as Pulmonary conduit in pediatric patients	M. Kopala (Lodz)
10:30	Break	
11:00	Session B: Aortopathies and connective tissue disorders	J. Cleuziou (Munich) I. Michel-Behnke (Vienna)
15+5	It is not always Marfan - clinical and genetic differences in connective tissue disorders	C. Pees (Vienna)
15+5	Medical interventions in Marfans syndrome	D. Baumgartner (Graz)
15+5	Surgery of the aortic root and ascending aorta in pediatric Marfan patients	T. Mroczek (Krakow)
15+5	Surgery of the aortic arch and the descending aorta in pediatric Marfan patients	J. Dumfarth (Innsbruck)
15+5	Cardiovascular risk in Marfan patients	C. Weismann (Lund)
12:40	Lunch break	

Wednesday, March 8

Afternoon Sessions

13:30	<i>Early Afternoon Workshop 3: Impella - Implant Techniques</i>	D. Wiedemann (Vienna)
15:00	Break	

Late Afternoon Sessions

Heart Failure and Metabolism

15:30	Session A: Short Term Support	U. Franke (Stuttgart) B. Metzler (Innsbruck)
15+5	What is the Evidence for Impella Use in 2023?	P. Vogt (Zurich)
15+5	Pan-European ECMO Experience for COVID-19 related ARDS	D. Wiedemann (Vienna)
30+10	KEYNOTE LECTURE: Management of Heart failure Patients - State of the Art	M. Pauschinger (Nuremberg)
17:00	Break	
17:30	Session B: Obesity and Metabolic Disease	P. Vogt (Zurich) Y. Winhofer (Vienna)
30+10	KEYNOTE LECTURE: Metabolic Syndrome in cardiovascular disease	Y. Winhofer (Vienna)
15+5	GLP-1 Agonists to reduce Weight	Y. Winhofer (Vienna)
15+5	Gen-silencing for Hypercholesterolemia	A. Zirlik (Graz)
19:00	End of session	

Thursday, March 9

Morning Session

9:00	Session FREE PRESENTATIONS	A. Marmureanu (LA) / E. Wolner (Vienna)
	ProxiCor Patch in Cardiovascular Surgery - our experience	R. Moidl (Vienna)
	Our experience with tricuspid valve replacement with CorMatrix prostheses	J. Pirk (Prague)
	ECM use in reconstructive surgery of valve on right side of the heart	M. Kopala (Lodz)
	Long-term Outcomes after Arterial Switch Operation for d-Transposition of the Great Arteries - 30 Years Single Center Experience	J. Schlein (Vienna)
	Impact of vasoplegic syndrome on early clinical outcome after orthotopic heart transplantation	C. Volgmann (Hamburg)
	Decellularized aortic homografts in adults: A 6-year single center experience	A. Andreeva (Vienna)
12:00	Lunch break	
	Afternoon Sessions	
13:30	<i>Early Afternoon Workshop 4: How to implant a biventricular Pacer - CRT</i>	C. Khazen (Vienna)
15:00	Break	

Thursday, March 9

Late Afternoon Sessions

Hot Topics 2023 - Joint Session ALKK* - ALHK**

15:30 Session A: Hot Topics in 2023 and beyond		G. Laufer (Vienna) T. Fischlein (Nuremberg)
15+5	Management of patients at cardiovascular risk undergoing urgent non-cardiovascular surgery	J. Mehilli (Landshut)
15+5	Prevention and Management of Postoperative Atrial Fibrillation	T. Fischlein (Nuremberg)
15+5	Avoiding sternotomy in multivessel CABG: Why? How? Routine Approach?	H. Dörge (Fulda)
15+5	Potential of Factor XI and XIa Inhibition	C. Ay (Vienna)
17:00	Break	
17:30 Session B: Hot Topics in 2023 and beyond		C. Austin (London) H. Dörge (Fulda)
15+5	Potential and Limitations of the Ross-Operation	S. Ensminger (Lübeck)
30+10	KEYNOTE LECTURE: PEARS - A novel Concept in Aortic Surgery	C. Austin (London)
15+5	Xenotransplantation of the Heart	G. Laufer (Vienna)
15+5	Cardiac Robotic Surgery, State of the Art	U. Franke (Stuttgart)
19:10	End of session	

*Arbeitsgemeinschaft leitende kardiologische Krankenhausärzte e. V.

**Arbeitsgemeinschaft leitende herzchirurgische Krankenhausärzte e. V.

Friday, March 10

Morning Session

9:00	Session FREE PRESENTATIONS S. Ensminger (Lübeck) / G. Laufer (Vienna)	
	First Report of the International Safe and Timely Antithrombotic Removal (STAR) Registry	M. Schmoeckel (Hamburg)
	Interoperative Cytosorb hemoadsorption improves outcomes in patients with active native and prosthetic left-sided infective endocarditis with staphylococcus aureus bacteremia	H. Mamdooh (Nuremberg)
	Artificial intelligence supported prediction of deep sternal wound infection after myocardial collateralisation enables early diagnosis	J. Kalisnik (Nuremberg)
	New materials for congenital cardiac surgery: Ongoing development of bacterial cellulose for implants	P. Heinisch (Munich)
	Association between postoperative atrial fibrillation recurrences and interatrial block by the time of open-heart surgery	S. Leiler (Nuremberg)
	Minimalistic transfemoral transcatheter aortic valve implantation using a single femoral puncture: a single center experience	F. Plaßmeier (Hamburg)
12:00	Lunch break	
	Afternoon Sessions	
13:30	<i>Early Afternoon Workshop 5: How to do LBB/His-Bundle Pacing</i>	G. Prenner (Graz)
15:00	Break	

Friday, March 10

Late Afternoon Sessions

News in Pacing and Defibrillation

15:30	Session A: Cardiac Pacing	D. Scherr (Graz)/W. Behringer (Vienna)
15+5	Leadless Pacing - State of the Art in 2023	C. Steinwender (Linz)
15+5	His Bundle Pacing	G. Prenner (Graz)
15+5	LBB Pacing	M. Martinek (Linz)
15+5	Endovascular Lead Extraction	C. Khazen (Vienna)
17:00	Break	
17:30	Session B: Defibrillation saves Life	C. Steinwender/M. Martinek (Linz)
15+5	Indications for ICD Implantation in 2023	T. Lewalter (Munich)
	PRO-CON Debate	
15	PRO-CON: The non-transvenous ICD is the Future of ICD Therapy	C. Schukro (Vienna)
15	PRO-CON: The transvenous ICD remains the Future of ICD Therapy	D. Scherr (Graz)
10	Debate	
15+5	Out-of-Hospital Resuscitation: Stay and Play or Load and Go	W. Behringer (Vienna)
19:00	Adjourn
